DEPARTMENT OF DEFENSE INDEX OF SPECIFICATIONS AND STANDARDS

DODISS NOTICE

15 SEPTEMBER 2001 / FOR PERIOD 1 SEPT 2001 TO 14 SEPT 2001 / VOL. 17/ NO. 01

ATTENTION

The DODISS NOTICE is published on the 1st and 15th of each month by the DODSSP. A Portable Document Format (PDF) version is posted within two business days of publication to our web site DODISS Notice page at:

http://dodssp.daps.mil/dodiss.htm

This Notice provides important information about all new, revised, amended, and cancelled standardization documents indexed by the Document Automation and Production Service, 700 Robbins Avenue, Bldg. 4/D, Philadelphia, PA 19111-5094 for the period indicated. DOD documents are available after the date of this Notice. Activity codes and symbols are defined in the general provisions of the DODISS, and also in the DOD Standardization Directory SD-1. Additional paper copies of this Notice are not available, however local reproduction is encouraged.

Notice

The SD-1 dated 1 September 2001 will be the last time that Non-Government Standards Bodies (NGSBs) are listed in this directory. NGSBs for which DOD employees have registered their participation, or from which Standardization Management Activities have adopted at least one standard, are listed in the Technical Committee Participation database on the Defense Standardization Program Web Site (www.dsp.dla.mil).

Since many of the distribution codes associated with each NGSB listed in the SD-1 were determined many years ago, we are finding that some are no longer accurate. Therefore, Standardization Management Activities interested in adopting a Non-Government Standard are advised to contact the respective NGSB to determine if they will provide free copies of standards for Department of Defense coordination review purposes.
